PVC Fittings & Accessories for the Telecom Market

CANTEX offers a complete line of fittings and accessories for the telecom market. CANTEX PVC products are easy-to-install and offer non-conductivity, high impact, tensile strength, and resistance to a wide range of chemicals, acids, and salt. Our CAO Telephone Duct and applicable fittings are perfect for the needs of this important communications market. Since our telephone industry products work so well together, they make it easy to convert entire telephone and communications infrastructures to PVC through a single source—CANTEX.
